SLOT

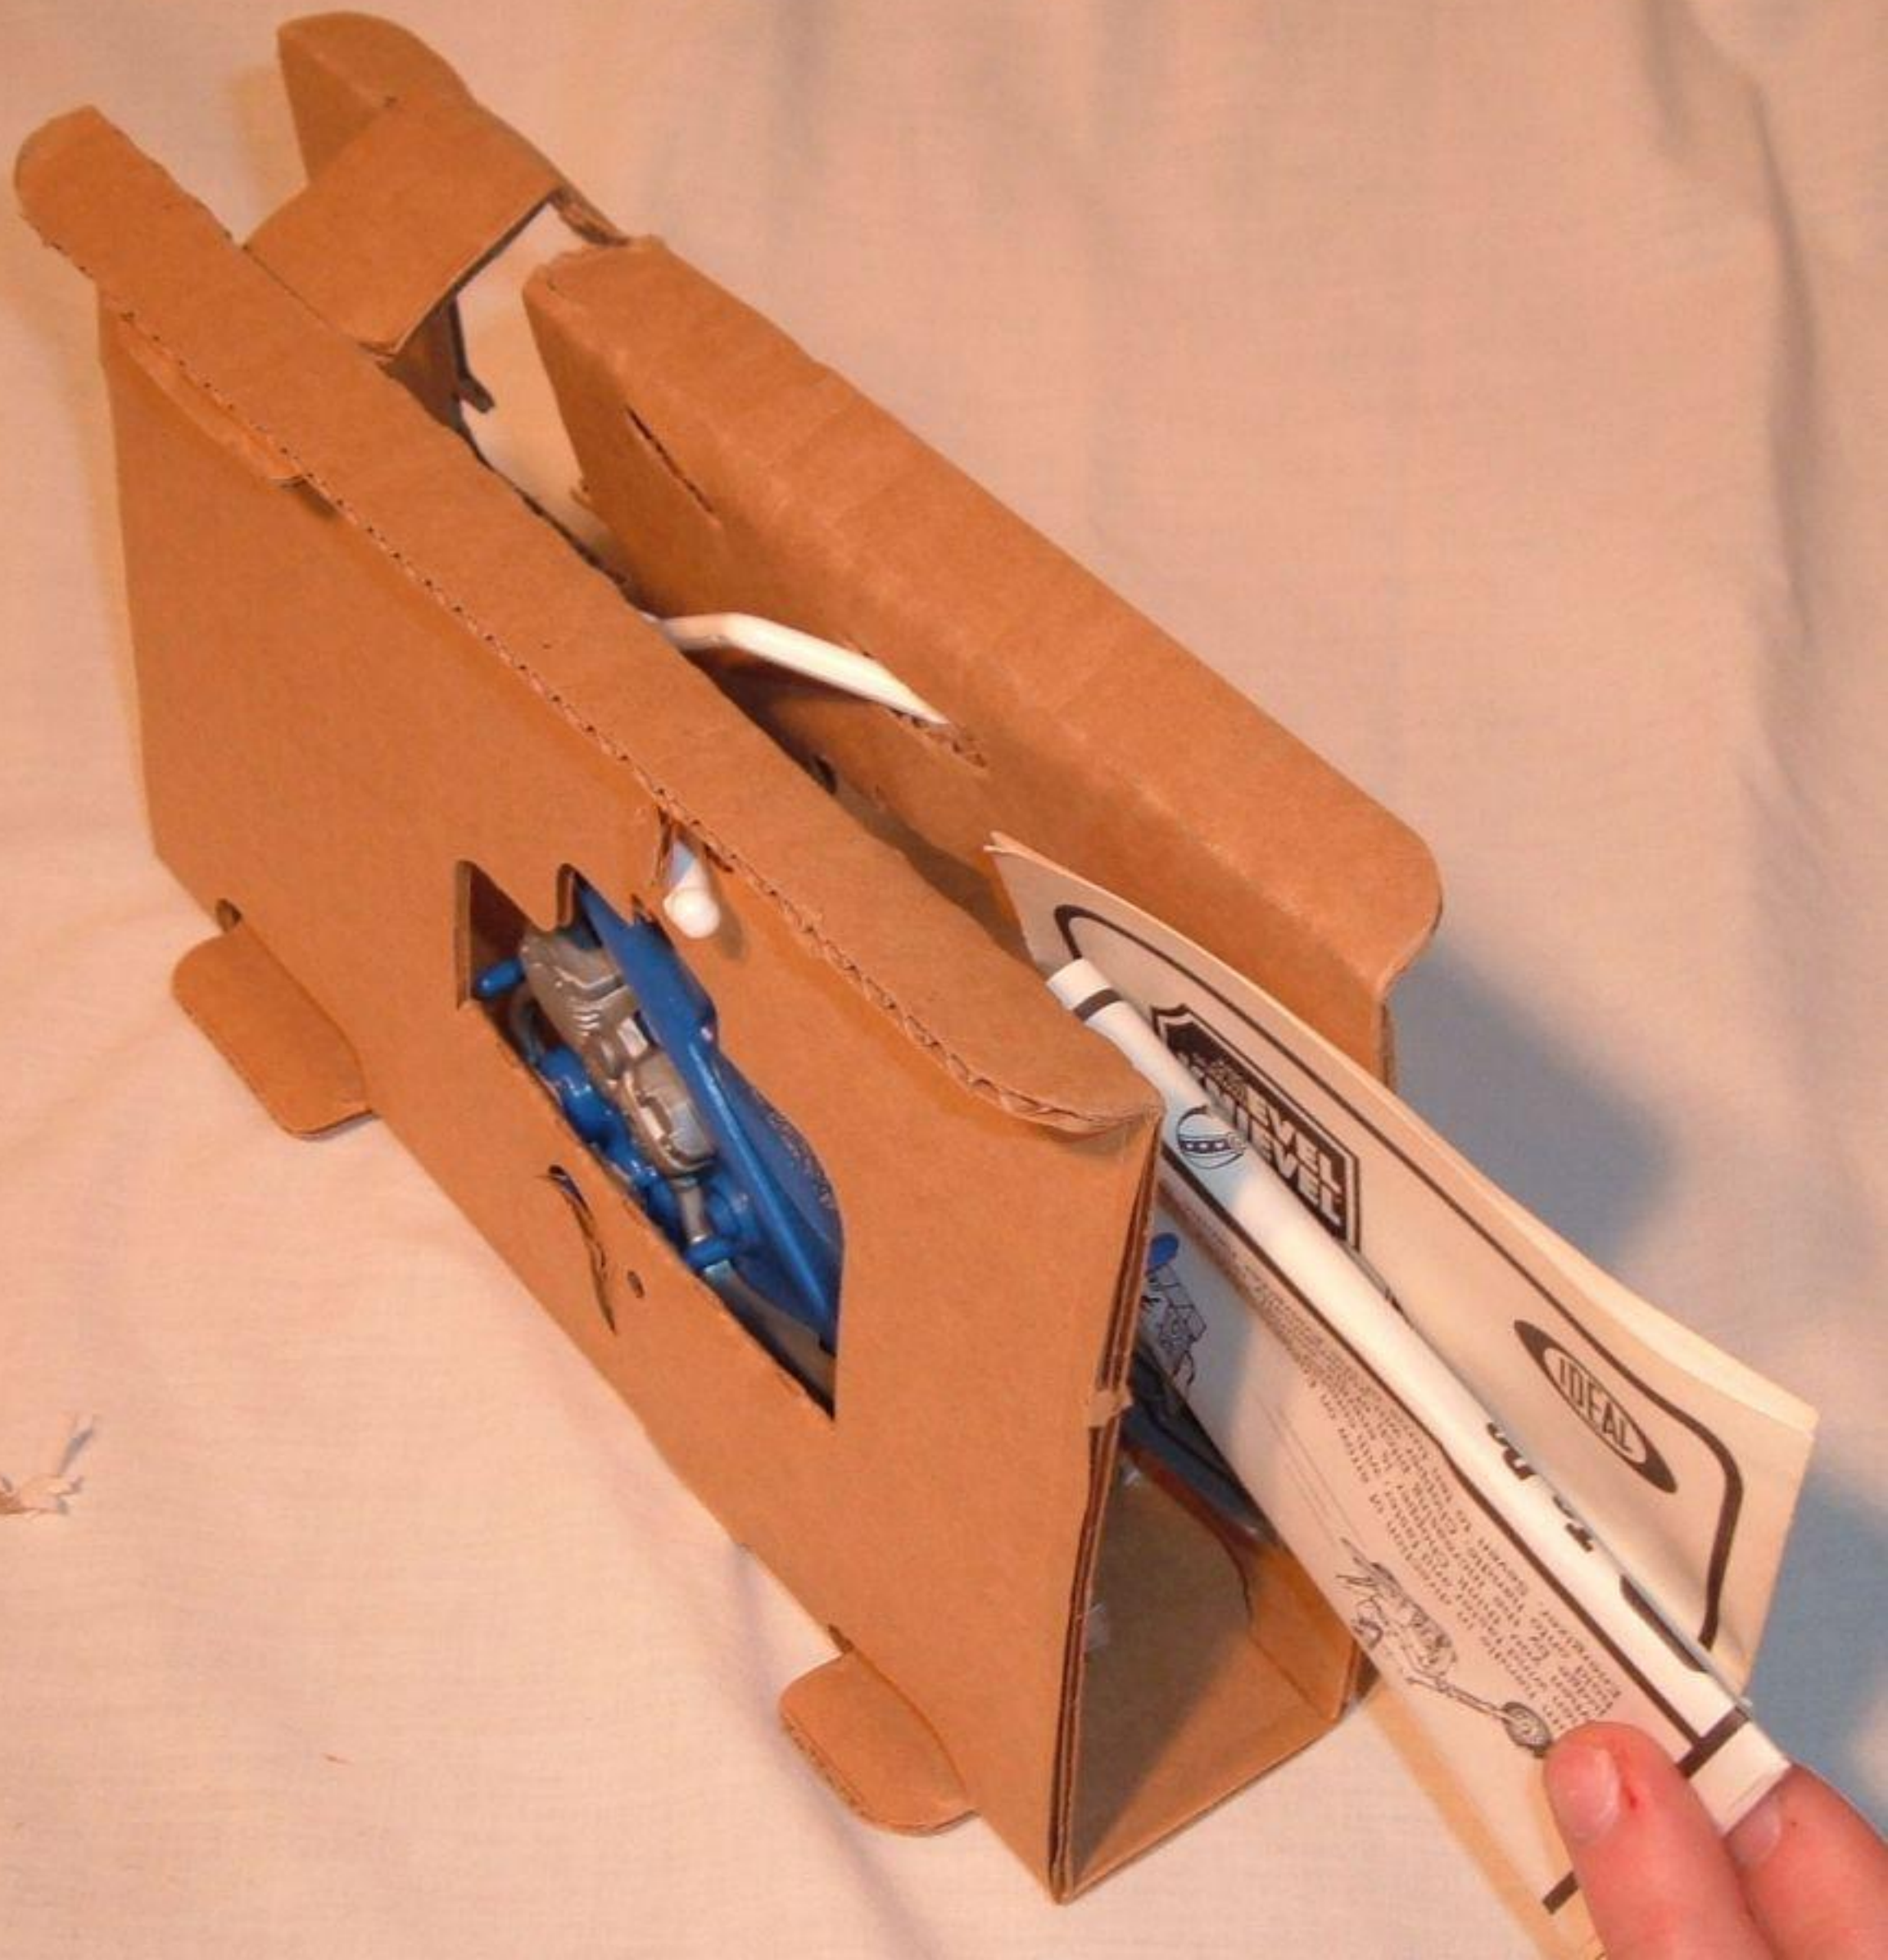

4. Turn handle in direction of arrow on Energizer. **START SLOWLY** then wind faster and faster, with constant pressure on the handle. When you think Chopper is energized enough (you'll learn to judge by the increasing pitch of its sound) **STOP** winding but hold onto handle. Chopper will automatically launch itself from Energizer. Seven to ten turns of the Energizer handle is plenty.

USE
EVEL

Evel Knievel *Chopper*

You are now the proud owner of the Evel Knievel Chop-
per. Like its brother—the Evel Knievel Stunt Cycle—it is
one of the most amazing toys ever created. It actually runs,
jumps and stunts on 2 WHEELS with PERFECT BALANCE.
Add your fully poseable Evel Knievel figure in dozens of dare-
devil stunt positions and you can put on your very own Motor-
cycle Thrill Show. The Chopper features an
ing front fork, traction

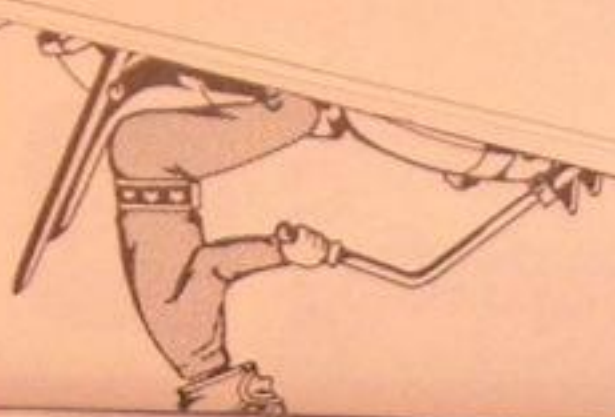

...ing tires, precision balanced
...position kickstand. It can be used with all
...ever Energizers.
